

MOHD ZAHID SHAIKH

Portfolio

Software Developer | Full Stack Developer | React Developer | Junior Web Developer

Profile

Computer Science graduate with hands-on experience in designing, developing, and deploying full-stack web applications that solve real-world problems. Developed production-ready platforms, including a civic intelligence system and a management portal, using React, Node.js, MySQL, Firebase, authentication systems, and real-time technologies. Leadership experience through NCC (CSM), NSS, and project ownership has strengthened my discipline, responsibility, and ability to transform ideas into working products.
